Here, in the place where time is joined...
I didn't expect to see him
Well! That was an interesting turn of events!
Though we are more or less. Gods. Fate is real. We can only see so much...
Yet, should know we cannot foresee all things

This has all been merely one of the many paths fate has laid before us.
Nothing can make the river of fate return to its course. Nothing can prevent us.
A mere jumping fish cannot change the source of fate.
We have all been born.
And so
Now we are 5 angels.
Everything now becomes as Darkness shadowing the time that was once Light
Despair is now hope
Nothing is left sacred.
Love becomes hate.
The dead are now alive
Truth is now lies
We bring with us, a time of great darkness.

All the ghosts of the world gather here, at the gates.
It feels like theyre reaching into me!!
Ch-!! Damn these things!!
Your warmth to them is a rare thing...They gather around you, craving your flesh and warm blood. .
They...are the lost souls of the dead. They cling to life, even as they are dead.
You are doomed. Already dead, as far as the spiritual world is concerned.
You are special to them. . For you wear the mark of the Sacrifice
blood
that man's destiny . is ours..

You cannot be taken by such a petty attack...
your spirit is strong..
Pay attention, marked one... Those marked are as torches in dark places.
Your very existence draws these demons to you.
Your body is a heaven to them But as i am near you, they will draw away...
Every-thing here is real... All the danger in this place..
Though weak, They come in great numbers.. I see that you are already dizzy... That is normal
Why?!
Why is all this happening

Your flesh...your blood, all of it, down to the last drop has been condemned to a fate of death... Offered as Sacrifice... Your destiny, as fate wrote, is death...and you have survived.
It is the fate of all those who bear the Mark of Sacrifice... Yet you survived. And thus, you now reside in this hell...
Fate
Fate..
Fate.
Fate..
Fate...

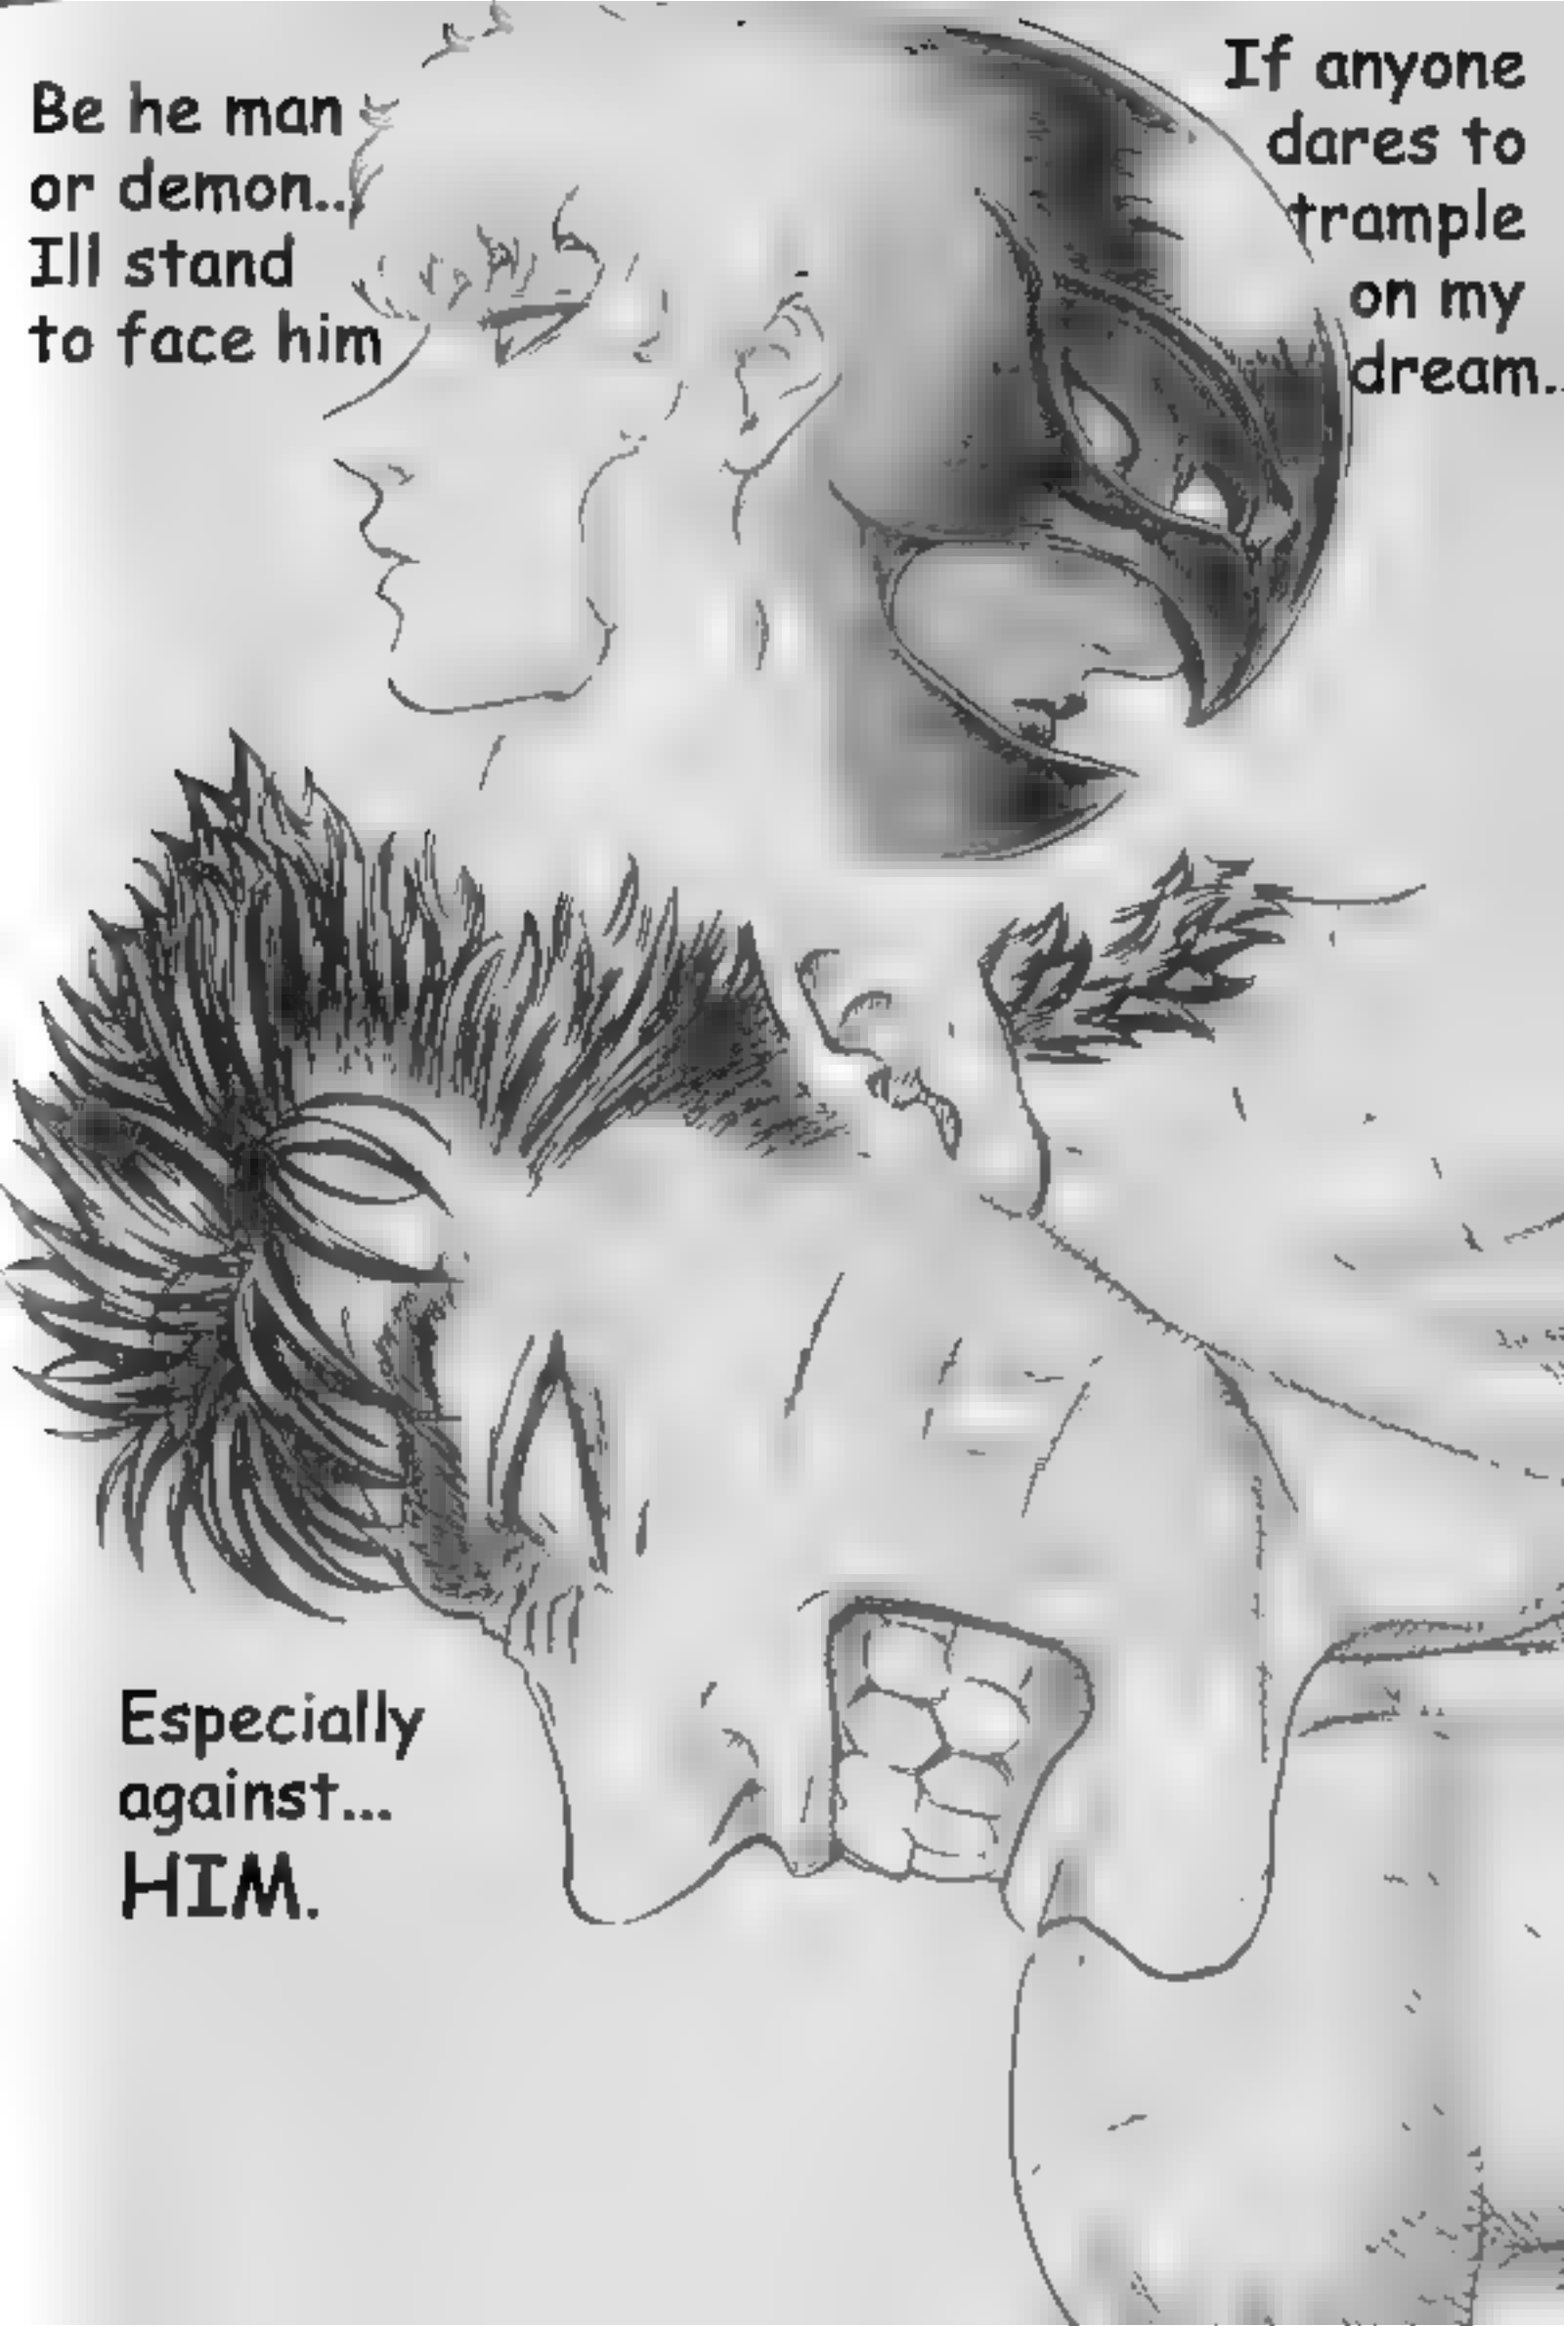
Fate can fucking
go to hell!!!

If this "fate" wants to take me, then fine.
But not without a fucking fight...And not without that big ugly ass Skull of Yours...
Im fucking tired of your "fate" talks. Your ramblin is boring me to tears...

"Fate"?
"Sacrifice"?
So my fate is to slowly rot away in some Hell?
Hell no!
In the end... the winner is still, the Last Man Standing...
I'm not going to take that complex shit lying face down...

Thats right, you ugly ass demon !!!
Get your asses back to hell , little bastards!!
Take your friends too!!
I swear i'll kill every last one of you!

IS THIS WAR!!!



Be he man or demon.. Ill stand to face him
If anyone dares to trample on my dream..
Especially against... HIM.

This mans spirit... is more than i expected..
Heh, Ill even take him on... i survived the mess at that eclipse... i Can beat him too damnit!!
